# CABLE DUCTS

## Wiring Channels

FRLS

## PVC - FRLS DUCTS

The flammability and smoke performance of rigid PVC (RPVC) plays a significant role in its selection for wiring duct applications. One of the most serious problems of general RPVC cable duct combustion is that it produces large volume of smoke and toxic gases which became the main cause of fire related death. Apart from the irritant effect of HCl gas on the eyes and respiratory system, smoke can cause disorientation and hinder escape from the scene of the fire, which impedes the entry of fire fighters. Hence the reduction of smoke emissions is clearly desirable.

Salzer PVC FRLS Cable Ducts efficiently carries and protects wires and cables, which are manufactured from specially compounded, low smoke, flame retarded and high impact rigid polyvinyl chloride (RPVC) resin. We modified RPVC wiring duct formulations and used low doses of plasticizer and lubricants to get higher limiting oxygen index (LOI) and low smoke density rating (SDR) with excellent flame retardant (V0) characteristics. Our wiring duct offers an effective resistance against fire propagation and emits very negligible amount of smokes during fire catching.

Salzer PVC FRLS cable duct has a flammability rating of V0, REACH and RoHS compliant and has a continuous use temperature upto 60 °C (140°F).

Wide range of colour, sizes and different slotting styles to meet the customer requirements.

PVC FRLS CABLE DUCTS TESTS				
Test	Test Purpose	Test Standard	Criteria	Typical Values
Limiting Oxygen index (LOI)	Minimum Oxygen concentration for supporting combustion of wiring duct insulation at normal temperature	ASTM D 2863	Min. 29	Min. 40
Temperature index	Temperature Index at which normal Oxygen content (21%) of Air will support combustion of wiring duct material	ASTM D 2863	>200°C	>200°C
Maximum Smoke density rating (SDR)	Indicates the visibility under fire	ASTM D 2843	< 60%	< 45%
Flammability class	Should be highly Flame retardant	UL - 94	V-0	Passed

# HALOGEN FREE - FR DUCTS

**salzer**

**Halogen Free** low smoke ducts are becoming very popular where the protection of people and equipment from toxic and corrosive gas is critical. As the name suggest, these plastic materials do not contain any Halogen i.e. Chlorine, Bromine, Iodine etc; and hence whenever they burn they do not emit any toxic acidic gases (typically under 0.5% HCl emission). These are typically used in poorly ventilated areas such as aircraft, rail, cars or ships. It is also used extensively in the railroad industry, wherever high voltage or track signal wires must be run into and through underground ducts be damaged by fire or a short circuit fault.

Our cable ducts made-up of a polymeric blend of PC and ABS; confirms to IEC 60754-2 & have higher continuous use temperature up to 90°C and also confirms to the flammability rating of UL94-V-0).

Colour Available: Grey/Blue

Slot available: Thin and restricted slot

## FLEXIBLE WIRING DUCT

### Features

- UL Recognized Polyamide Material
- Continuous Operation Temperatures From -30°C to 90°C
- Flammability Rating UL94 V-0
- Subject to Bend Without Breaking
- Adhesive Tape Provided for Easy Mounting

## ACCESSORIES

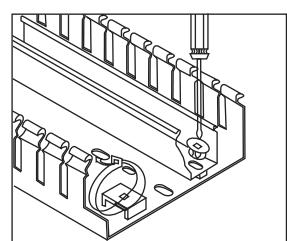

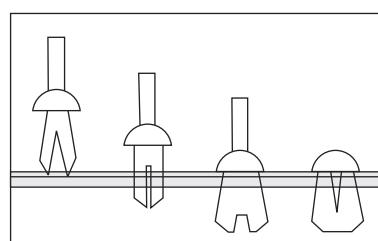

For B Type

Part Name	Figure	Ordering Code	Standard Packing
Fixing Lug		BFL 1	100
Cable Tie Attachment		BCT 1	100
Nylon Fastener		BNF 6 (6 mm) BNF 4 (4 mm)	100 100
Wire Retainer *		BWRT (Thin) BWRS (Std)	100
Name Plate		BNPT (Thin) BNPS (Std)	100
Mounting Clip I		BMC 1	100
Mounting Clip II		BMC 2	100

\* Pls. specify size while Ordering.

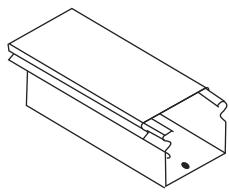

For E Type

## CORNER DUCT : FRLS

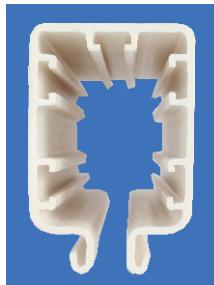

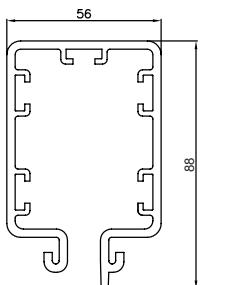

### Details / Features :

- Material : Rigid PVC, RoHS Compliance, Grey Color
- Fits in the unused space in the vertical Corner of enclosures / Control panels
- To reduce wiring time and control panel assembly costs. Increased Panel Appearance
- Corner duct cover : Existing standard cover
- Slots : side slots and bottom slots existing standard sizes.

Dimn. A	Dimn. B	Cover Size
100 mm	100 mm	60 mm
70 mm	70 mm	40 mm
45 mm	45 mm	25 mm

## POWER DUCT

### Details of Power Duct :

- Material : Rigid PVC UL94 VO
- Color : White / Ivory / Yellow / Grey
- Dimension : 88 x 56 (H x W) Unslotted
- Standard Length : 4.010Mtr (can be given in 2M, 3M also)
- Application : Used in Over Head Cleaners in Textile Industry.  
Used in the Cranes / Hoists.
- Special profiles can be developed as per Customer drawing.

## Ordering Procedure

Type	Size (mm)	Slotting	Colour	Material	Cat Code 1 Meter	Std Pkg	Cat Code 2 Meter	Std Pkg
A	45 x 45	S	Grey	PVC	A4545SG	50	A4545SG2	18
B	60 x 60	T	Grey	PVC	B6060TG	50	B6060TG2	12
